

## KÄRCHER BD 50/50 C Bp Classic

The BD 50/50 C Bp Classic is an affordable, compact entry-level model in the battery-powered scrubber drier class. The machine allows area performances of up to 2000 m<sup>2</sup>/h.

The BD 50/50 C Bp Classic offers a clear view of the area to be cleaned due to the compact dimensions of this battery-powered scrubber drier with sophisticated disc technology. The operation of this machine is as clear as the view with the EASY Operation Panel from Kärcher. Machine features have been reduced to the most important settings and functions to enable use after brief instruction. We recommend the BD 50/50 C Bp Classic for use in supermarkets, hotels or healthcare facilities.

### Features:

#### *Affordable entry-level model*

- Excellent price-performance ratio.
- Reduced to the most important functions.

#### *Simple operation thanks to EASY-Operation Panel*

- Self-explanatory symbols and clear control panel.
- Brief familiarisation phases.
- Few yellow colour-coded control elements make the machine easy to use.

#### *Large tank volume with compact dimensions*

- Extremely manoeuvrable.
- Offers a clear view of the cleaning surface.

#### *Large working width*

- Integrated disc brush head with 51-centimetre/20 inch brush.
- For efficient cleaning of medium-sized areas.

#### *Large battery compartment for all standard battery types*

- Easily accessible battery compartment for fast battery replacement.
- Also suitable for multiple shift operation.

#### *Home Base system*

- Options for the attachment of further accessory parts or equipment.
- Additional cleaning equipment can be carried on-board.

#### *EASY-Operation Panel*

- 1-switch operation.
- Very easy to use.

#### *Easy assignment of functions thanks to yellow control elements*

- Short training times also for untrained personnel.

#### *Available with straight or curved squeegees*

- Can be adjusted to suit individual floor conditions.

#### *Robust and durable control elements*

- Suitable for daily use.
- Extremely durable.

### Standard Features / Accessories

Disc brush

Two-tank system

**Part no.** 1.127-001.0

### TECHNICAL SPECIFICATIONS

Brush working width	510 mm
Working width, vacuuming	850 mm
Rated input power	1100 W
Fresh water container capacity	50 l
Dirty water container capacity	50 l
Brush speed	155 U/min
Sound pressure level	66 dBA
